

## INSPIRATIONS

Previously (May/June 2006) I wrote about the records my two brothers had in their collections that meant and still mean a lot to me. Here are some more albums I've listened to about a thousand times...

## WHAT'S UP?

- The week before going to Moscow, I'll be in Gothenburg writing with Snowy for the S&M album. Might also move my studio next to Snowy's place in Gbg after the summer.
- The Poodles have recorded one of my songs for their new album, out in september.
- Looking forward to the festivals in June, especially the Sweden Rock Festival where we play with Krux.
- Hellfest (June 23rd) will be my last show with Therion.
- Also got a MySpace site now, at [www.myspace.com/uzig](http://www.myspace.com/uzig)
